

How to Make a Homeschool Classroom Schedule

1.) SET YOUR DAILY TIME

Most classroom schedules run from the hours of 7 AM-3 PM or 8 AM-4 PM.

2.) DECIDE ON THE TIMES OF INSTRUCTION

Most homeschoolers using this schedule will spend about 45 minutes to an hour on each subject.

3.) PLAN FOR BREAKS

Don't try to do too much at once. Plan for snack and play breaks.

4.) DON'T BE AFRAID TO MAKE CHANGES

Remember, every family is different so tweak your schedule to meet your family's needs.
